PROFESSIONAL SUMMARY

I'm Justine, an aspiring Web Developer with a strong enthusiasm for learning and exploring emerging technologies. I am dedicated to building responsive websites and dynamic web applications, combining intuitive design with growing technical expertise and a commitment to continuous improvement.

WORK EXPERIENCE

MIS SUPPORT STAFF
Cooperative Development Authority - National Capital Region

August 2018 - December 2020

- Provide support for all IT issues and concerns within the organization.
- Assist in other tasks assigned to the MIS department.

IT SUPPORT SPECIALIST
Cooperative Development Authority - Head Office

January 2021 - Present

- Assisted in the implementation of ICT projects aligned with the Information Systems Strategic Plan.
- Contributed to the development, enhancement, and maintenance of various CDA Information Systems.
- Provided technical support and troubleshooting for IT equipment, network issues, and user concerns.
- Developed the Data Breach Reporting System (DBRS), an incident reporting and monitoring system used across CDA nationwide.

EDUCATION
