WORK EXPERIENCE

COOPERATIVE DEVELOPMENT AUTHORITY NCR MIS SUPPORT STAFF

2018 - 2020

- Provide support for all IT issues and concerns within the organization.
- Assist in other tasks assigned to the MIS department.

COOPERATIVE DEVELOPMENT AUTHORITY HEAD OFFICE IT SUPPORT SPECIALIST

2021 - Present

- Assisted in the implementation of ICT projects aligned with the Information Systems Strategic Plan (ISSP).
- Contributed to the development, enhancement, and maintenance of various CDA information systems.
- Provided technical support and troubleshooting for IT equipment, network-related issues, and end-user concerns.
- Developed the Data Breach Reporting System (DBRS), an incident reporting and monitoring system utilized across CDA nationwide. The system also integrates an IT Ticketing function for managing and tracking IT-related concerns.

PROJECT / PORTFOLIO

- **CDA Data Breach Reporting System** – Independently designed and developed the entire system, including front-end and back-end components, using Laravel (PHP) with Blade templating, and MySQL as the database management system.
- **E-Commerce Website (Freelance Project)** – Independently designed and developed a full-stack e-commerce website using Native PHP, HTML, CSS, JavaScript, and MySQL.
- **Event Scheduler System (Portfolio Project)** – Independently designed and developed the entire system, including front-end and back-end components, using Laravel (PHP), Vue.js, and MySQL.
